Introduction

THIS DOCUMENT IS a statement of the aims, principles and strategies for Behaviour at Centre Academy School. It provides a framework for the creation of a happy, secure and orderly environment in which students can learn and develop as caring and responsible people. It is written for the benefit of all members of the School community, to allow each one to understand the policy of the School and to apply it consistently and fairly.

This policy should be read in conjunction with the Parent-Student Guide, which details many aspects of the standards of behaviour that are expected by the School.

Aims

OUR AIMS FOR BEHAVIOUR are that all students will:

- Be tolerant and understanding with consideration for the rights, views and property of others.
- Develop a responsible and co-operative attitude towards work and towards their roles in society.
- Achieve their potential in terms of self-esteem, academic achievement, aesthetic appreciation and spiritual awareness.
- Take a pride and responsible interest in caring for their environment.
- Be polite and respectful at all times, to other students, staff members and members of the wider community.

Principles

Centre Academy London is a holistic learning environment in which individual special needs and learning styles are recognised and addressed in order for the right to learn to be successfully realised. Effective learning requires a minimum of disruption from others. If a student presents with disruptive behaviours the school will work with the student and family to minimise these behaviours.

THE ESTABLISHMENT OF AN APPROPRIATE ETHOS is an essential prerequisite for learning. It depends upon trusting relationships and a process of co-operative team work.
